

Your  
treatment  
journey  
starts here

Tremfya *with me*

The support program built around  
you, designed to help you on your  
TREMFYA® treatment journey.

 Tremfya®  
(guselkumab)

# Dedicated support throughout your TREMFYA® treatment journey

We're committed to making sure you have what you want, when you want it.

Your treatment journey is about more than appointments and injections: it's about you feeling supported.

## Tremfya *withMe*

At the core of the program will be your dedicated TREMFYA withMe Guide who will help you stay on track with support, including extra resources to help you navigate your treatment journey with confidence.

### **TREMFYA withMe Guide**

Meet your dedicated TREMFYA withMe Guide, a qualified healthcare professional\* who will help you throughout your treatment journey with the support and information you need

\*Guides do not provide medical advice. Please consult your doctor for any questions you have about your disease or therapy.

### **Prescription and Cost Support**

You'll receive support to help you: verify your insurance coverage, understand how to fill your prescriptions, and look for options that could make your treatment more affordable

### **Treatment Support**

You'll get access to information about your disease, injection support, and how to safely return used syringes

Your doctor is the best person to help you understand what to expect. Your Guide is also available, after you have talked with your doctor, if you have questions about injections
