Get one-on-one support on your terms

Sign up for TREMFYA withMe and get your very own Guide—a real person and a qualified healthcare professional* who can help you get the support you need, when you want it.

Your Guide can help you:

Cost Support

Find affordability options that may help reduce your out-of-pocket medication costs

Injection Support

Get injection support over the phone or in person

Live Support

Get help from your personal Guide Monday through Friday from 8:00 AM to 11:00 PM ET with support available in over 100 languages

"Having someone who's there, who can navigate the complex journey towards treatment is reassuring... I feel a human connection: my Guide is there for ME."

-TREMFYA withMe Patient

密

Prescription Support

Understand how to get TREMFYA® from a specialty pharmacy

Treatment Support

Get answers to questions you may have about your condition

Take these two easy steps to get your Guide:

Step 1: Sign Up for TREMFYA withMe

To enroll in this free support program, scan the QR code or call 1-833-WITHME1 (948-4631).

Step 2: Answer Call from Guide

Your Guide will call you within 1-2 business days after you sign up. The caller ID will show "Guide withMe," and you'll be contacted by the same Guide every time.

What's Next?

Get ongoing personalized support from your Guide via phone, text, or email.

Have Questions?

Contact us at 1-833-WITHME1 (948-4631), Monday through Friday, from 8:00 AM to 11:00 PM ET. For more information about TREMFYA withMe, visit tremfyawithme.com.

TREMFYA withMe is limited to education about TREMFYA®, its administration, and/or the condition it treats. It is not intended to provide medical advice, replace a treatment plan you receive from your doctor or nurse, or serve as a reason for you to start or stay on treatment.

Please read the full Prescribing Information for TREMFYA® available at JanssenCarePath.com and discuss any questions you have with your doctor.

^{*}Guides do not provide medical advice. Please ask your doctor any questions you might have about your disease and treatment.
